Sixth form Curriculum and options book

Welcome to Bromley Beacon Academy sixth form

You are about to embark on a very exciting journey to prepare you for the next stage of your life. We are here to encourage, support and challenge you to be the very best you can be.

This booklet contains the information you need to help you choose your pathway. You will have your core subjects that are mandatory. These will have a symbol  on them.

You will then have your options subjects where you get to choose three of the fantastic subjects we teach here at Bromley Beacon Academy. There is something for everyone and we are confident you will find the right course for you that will prepare you for your future college, employment, or university place. Our curriculum is not only designed to deliver amazing academic results, but to equip you in the life skills essential to every student as they enter into their life journey after BBAB.

Please carefully read what each subject is offering so you make the right choices for you. Each subject has a Bronze, Silver or Gold criterion. With hard work and dedication, you will have achieved these awards by the end of year 13.

We look forward to having you at BBAB Sixth Form.
